

## Getting Started with Pearson's MyLab Languages

### First, make sure you have these 3 things...

**Email:** You'll get some important emails from your instructor at this address.

**Course ID:** Ask your instructor for your Course ID!

**Access code or credit card:** The required access code comes either with your book or by itself at your bookstore. Alternatively, you can buy instant access with a credit card or PayPal account during registration.

### Next, get registered!

1. Go to [www.mylanguagelabs.com](http://www.mylanguagelabs.com).
2. Under the large **Register** section on the right side of the page click the **Student** button.
3. Read the onscreen instructions and click **OK! Register now**.
4. Next, choose one of the following: **Yes, I have an access code**, or **No, I need to buy access**. Either way, you'll be asked to **Accept** the License Agreement before moving on.
5. When asked if you have a Pearson Education Account, either select **No**, to **Create** a new Pearson username/password, or, if you've already registered for another Pearson product (i.e. MyLab Math), select **Yes** and enter that username/password. If you have an **Access Code**, enter it on the bottom of the page.
6. On the next page, enter or confirm your information and then click **Next**. If you entered an **Access Code**, you will be brought to a page from which you can access your product. If not, enter your payment information so you can **Purchase Access**, after which you'll be granted access.
7. You are now registered! Go to [www.mylanguagelabs.com](http://www.mylanguagelabs.com) and click **Sign In**.
8. To enroll in your course, sign in to your account, click "Enroll in a Course", and enter your Course ID EXACTLY as your instructor provided.
